

A Provence wedding

Nestled in the heart of Provence, leaning against the slopes of the Dentelles de Montmirail and the Mont Ventoux, and set in a private 35 hectares centuries-old park, the Chateau Martinay counts among the few privileged hidden gems in the region.

This sleeping beauty castle, built in 1763 by Les Isnards, an illustrious Provence family, suffered the throes of the French Revolution and was partly burnt at that time. Rebuilt identically in 1838, it boasts a very unique refined and authentic atmosphere that will play a part in the magic of your day.

You will take your time for a stroll in the lush landscaped park with centuries-old trees, and will enjoy the rare setting of the Northern courtyard. Under the radiant sunlight, with only birds and cicadas songs interrupting the place's calmness... at the Chateau Martinay everything is about harmony, each little detail contributing to create an out-of-time experience.

The best kept secret in Provence

Hidden from sight, a truly glamorous but cosy property, this is the ideal location for the celebration of weddings or special events. The Chateau Martinay used to be a sought-after vacation home; it has been lovingly brought back to its former glory to become a bespoke luxury haven.

For a memorable experience, we privatize for you the overall venue, including outside and inside reception facilities, as well as our accommodation areas for 3 days and 2 nights.

A unique setting

Featuring a sophisticated but pleasant atmosphere, between the ancient stones charm and the easy-going Provence lifestyle, our Cour d'honneur is a breathtaking setting where to live magical and unforgettable moments.

There couldn't be a more perfect place to wine and dine your loved ones. A true Provençal al-fresco evening awaits.

Due to sound regulatory constraints, the party has to be planed inside the Chateau. Our 4 living rooms and common areas are at your disposal to dance and live it up all night long (until 4 AM). Again, the ancient and modern features are tastefully combined with marbled floors and chimneys echoing to more contemporary furnitures.

Maximum capacity : 100 to 120 people

The Cour d'honneur

Surrounded by nature and a 35-hectares age-old park with extra-soul, bathed by the sun light, the Cypresses Alley is the perfect place to solemnize your wedding and perform either a religious or secular ceremony.

The Chateau Martinay can host up to 24 people to comfortably sleep in the Chateau. There are seven rooms and suites in the main building; each of them boasting premium bedding, air-conditioning, en-suite facilities, and offers a classic French design with hints of contemporary design.

More boho-chic style inspired, our 3 dependencies (the Loft, the Pavillon du Levant, the Pavillon du Couchant) provide all modern comfort and private terraces.
